ABOUT US

Our Family Business

Dampack International BV is a renowned supplier of food packaging in Europe. This family business with more than 35 years of experience characterizes itself as an all-round packaging specialist in the field of thin-walled packaging for the food sector. An enthusiastic team of 22 people assists customers quickly and accurately with all their questions.

In addition to the standard program, you will find a range of exclusive products in our catalog. This program was created by anticipating the specific questions of the consumer together with the customer.

Our Method

A unique collaboration has been established with a number of leading European manufacturers, from which combined knowhow has led to an optimal delivery program.

Dampack is ISO and BRC certified and all our partners are as well ISO certified and work according to the HACCP guidelines.

Dampack International BV has participated in the production process of various types of packaging through an extensive investment plan. A series of molds under our own management, housed by professional and reliable manufacturers, rightly gives our customers the feeling of certainty regarding price, delivery time and performance.

While we strive to ensure accuracy, this brochure may contain typographical errors or inaccuracies.
